Touch Display

IP65 Grade waterproof Mirror Display Mirror Signage

The AOPEN Mirror Signage is very suitable for instance cosmetics store. Imagine your customers trying on new make-up and being able to view the newest products in the mirror itself! Via the touchscreen they can zoom in on the ad and read it in full screen. The fanless design without any moving parts ensures that this reflecting display withstands the impacts of commercial environment. Even when placed in a tough spot, such as a bathroom of a pub or store, the Mirror Signage hangs in there with a 7H hardness, T2.4mm thick cover glass front panel. This display is compatible with Chrome OS.

The Mirror signage features:

- + Fanless design without moving internal parts
- + IP65 Front panel grade with 7H hardness
- + Mirror type touch display
- + CMS Control Mirror Signage on/off via COM Port
